Keerthivasan V

Python Programmer | Aspiring JLPT 5&4 | Aspiring Full-stack Developer | Strong determination toward developer roles
Salem, Tamil Nadu, India

Summary

I am an aspiring Full Stack Developer with a strong foundation in Python and hands-on experience in building small projects that strengthen my problem-solving and coding skills. I am currently expanding my expertise in front-end and back-end technologies including React, Django, and databases, with the goal of becoming a versatile full stack engineer.

Alongside my technical journey, I am also pursuing the Japanese Language Proficiency Test (JLPT) to enhance my ability to work in global and cross-cultural environments. I am passionate about continuous learning, collaboration, and creating impactful software solutions that add real value to users and businesses.

Experience

Adwitiya Technologies

Cuda Python

June 2025 - August 2025 (3 months)

Salem, Tamil Nadu, India

KPR Institute of Engineering and Technology

Team Lead

April 2025 - April 2025 (1 month)

Coimbatore, Tamil Nadu, India

Participated in HeckXelerate'25 Hackathon organized by KPR Institute of Engineering and Technology.

Developed an E-commerce application and websites for farmers, enabling better accessibility and market reach.

Collaborated with a team of 6 members to design, code, and present the project within strict time constraints.

Gained hands-on experience in Python, Machine Learning, React Native and Full Stack Development while solving real-world challenges.

Education

AVS Engineering College

Bachelor of Engineering - BE, Computer Science · (September 2023 - November 2027)
